Application Procedure	<p>All courses are advertised in the press – Daily newspapers or in the mass media. The applicant is at liberty to apply for any course provided he/she meets the minimum qualifications for registration for the course. An applicant is required to provide both original and copies of academic credentials to prove that they really qualify for the course of interest before a written interview is administered; alternatively a take away interview is done then upon passing the interview. After a successful interview session the applicant is issued with an admission letter for the specified course through the post office; for take away interviews and for in-house/one on one interview the admission letter is issued on the spot. However, those applicants who do not meet the minimum qualifications for the preferred courses are advised to take an alternative course that has an equal opportunity to the course of their interest. Applications can also be made via SMS to 0721 223 158 including correct names, address, grades per subject and desired course. This information will enable us to post to the applicant admission documents through the post office using the address that the applicant will have provided. Applicants are therefore advised to check for the admission letter in their postal box after two days to one week depending on their location.</p>
